BIOSWING 360 iQ **Visco**

For those who value movement while sitting, BIOSWING has always been the first choice—and the ultimate solution. When it comes to comfort, our new promotional model “BIOSWING 360 iQ Visco” quite literally adds an extra layer:

We additionally equip the seat and backrest padding with high-quality, breathable visco foam, deliver our bestselling model in the 3-series as standard with a 3D neck support, and offer individual ergonomics with the comfortable 4F armrests (from the 4/5/6 series).

Backrest padding

Seat padding

Optionally available at an additional cost, the 360 iQ Visco also comes with pelvic balance (in addition to the seat tilt gas lift) for automatic pelvic tilt—for you and your customers. The special model is completed with visual highlights such as a polished aluminum base and matching casters with chrome housing.
